

Online Likit Partikül Sayım Cihazı

Incorporating the latest in laser optical particle counting technology, Lighthouse designed the REMOTE LPC 0.3 μ m liquid particle counter for continuous trouble-free operation. With a sensitivity of 0.3 μ m at a flow rate of 100 ml per minute, the REMOTE LPC 0.3 μ m provides real-time continuous data collection at a cost-effective price per point. These compact liquid particle counters provide versatile mounting options and can be installed where space is at a premium.
